

Exeter Homestay UK Ltd

For Parents...

What we offer...

At EHUK we pride ourselves on home stay accommodations. We offer a quality service for home stays in Exeter and surrounding areas, for children and groups traveling to the UK. We offer accommodation for your child if they are; studying in Exeter, on a training course, or a work placement. We are working towards the highest quality mark to become an English language school along with British Council standards.

We have an experienced team consisting of enthusiastic admin staff, teachers, activity leaders and host families. But most of all importantly we recognise the quality of our host families and the high standard that they offer to your children.

All of our children/guests will stay with our professionally selected host families during their stay, who are all committed to the highest level of care and support.

Our aim is to offer that extra special care for all of your children and we do go that extra mile. We believe carefully selecting our host family will lead to happier stay, so our host will treat your child as part of their own family. We also stay in touch regularly, check in and ensure that they are not struggling with their studies or course.

When you book with us, we will arrange a Skype call with the family who is hosting your child and yourselves so you have piece of mind and get to know the family who is looking after your child.

“We were delighted with Exeter Homestay as we booked our child to stay within a host family whilst she studied at Exeter College for a year, rather than commute from our home”

- S.S
